EDUCATION

Bachelor of Technology (B.Tech), Mother Theresa Institute Of Engineering and Technology. Expected 2027
Relevant Coursework: Artificial Intelligence and Data Science. Current CGPA-8.6.

Intermediate , Mother Theresa Junior College -90.2 perc. 2021-2023

Secondary School Certificate (SSC) ,Universal School.-95 perc. 2021

SKILLS

Languages	Java, Python, JavaScript
CSE Fundamentals	Data Structures & Algorithms, Object-Oriented Programming, DBMS, RDBMS,
Web Technologies	HTML5, CSS3, JavaScript, React.js, Django, REST APIs
Databases	MongoDB, MySQL
Familiar Technologies & Tools	Git, GitHub, Postman, VS Code

EXPERIENCE

Research Intern — Indian Institute of Technology Kharagpur Dec 2025 - Feb 2026

- Contributed to the development of an IoT-focused desktop application.
- Configured kiosk mode and automated deployment workflows in a Lubuntu environment.
- Developed and tested firmware upload scripts for ESP32 and Arduino devices.
- Collaborated with the team on debugging, testing, and deployment activities.

PROJECTS

Desktop Application for IoT Workflows – Contributed to an IoT desktop application using React, Tauri, and Python; developed firmware upload automation and kiosk-mode deployment.

Email over LoRa – Built a secure long-range communication system using ESP32, Raspberry Pi, LoRa (SX1262), Python, and AES encryption.

AI-Powered Notes Summarizer – Developed a React and Django web application that generates AI-based summaries and key points from notes and PDFs.

Smart Railway Gate Using Arduino Uno – Developed an IoT-based railway gate automation system using Arduino, ultrasonic sensors, and servo motors for train detection and safe gate control.

PUBLICATIONS

Sustainable Agriculture with Precision Agriculture Technologies – Presented at PEN TO PODIUM, Madanapalle Institute of Engineering & Technology (2025); published by Academic Decipher, Mumbai (2026).

Predictive Analysis with Artificial Intelligence and Machine Learning – Presented at CRATE-2025 National Conference; published by Paramount Publishing House, Hyderabad (ISBN: 978-93-48512-15-4).

EXTRA-CURRICULAR ACTIVITIES

Active Chess Player with strong analytical and strategic thinking skills.

Cube Solver with interest in problem-solving, pattern recognition, and speedcubing.

LEADERSHIP & RESPONSIBILITIES

Served as Class Representative for the B.Tech program (2023–2024), acting as a liaison between students and faculty and coordinating academic communication.
